Margie Lawson

Margie's day job/profession has included: college professor, clinical trainer, sex therapist, director of an impotence clinic, hypnotherapist, and director of an employee assistance program. She holds a Master of Science degree in Counseling Psychology with an additional two-year post-masters specialization in psychiatric counseling and marriage and family therapy.

When not immersed in the writing world, she likely can be found hiking on the national forest land adjacent to her log home, enjoying friends and family, or flying in her small plane or a commercial plane, anywhere or nowhere - and loving it all.

Her favorite hobby - collecting amazing friends around the world.
